CODE441's Mini

Hackathon

Saturday, May 25, 2019

Hey, young hackers!

A heads-up: Hamilton Insurance Group is hosting a mini hackathon.

Here are the headlines for the happening.

The hack: Students will be divided into teams. Then you'll brainstorm, design, prototype and code an app on one of two themes: transportation or school. Pick any idea that addresses a problem in either of these two spaces. If you're feeling especially ambitious, combine them!

Who: 25 students between the ages of 12 and 17.

When: Saturday, May 25 from 9 a.m. to 4:30 p.m.

Where: Hamilton HQ (That's Wellesley House North, 1st Floor, 90 Pitts Bay Road, Pembroke).

Where to register: At www.code441.com.

What else?

Lunch: We're buying. So work up an appetite.

What to bring: Your laptop. No worries if you don't have one: We'll provide one for you to use.

That's it. See you then.
