## We're looking for an Excess Casualty Insurance Underwriter

Reporting to the Chief Underwriting Officer, Casualty Insurance, you will participate in underwriting a diverse book of Fortune 1000 accounts. In doing this and other tasks, you must want to push the limits of your knowledge and skills. At Hamilton Re, we're serious when we say we're writing the future of risk; and we need truly ambitious professionals to help us shape that future for our industry.

### What you will help us do

- Build a portfolio of business that is designed to perform well throughout market cycles
- Conduct extensive reviews and analyses of submissions, as well as of insureds' operations, products and other coverage-relevant exposures
- Cultivate new business opportunities, and develop and maintain strong relationships with clients and brokers to ensure a continuous flow of desirable business
- Work in close collaboration with our actuarial, legal, risk and analytics, and other teams to analyse and structure coverage, as appropriate
- Travel to meet with clients and brokers, and to attend client reviews and industry conferences
- Chair or host individual and/or group underwriting meetings with clients, prospects and brokers
- Review and draft policy forms and endorsements
- Assist in carrying out ad hoc projects, presentations and research projects

### What you require for the job

- A university degree
- A minimum of three years of experience in a similar role
- CPCU, ARe or other industry designations (or progress towards same) desired
- Strong technical skills and experience in underwriting a wide range of casualty lines, including auto liability, general casualty and excess casualty
- Solid knowledge of policy forms and endorsements and their impact on risks
- Excellent interpersonal skills, with the ability to engage and gain the trust of clients, brokers and colleagues
- A highly collaborative approach, with the ability to work both independently and as part of a team
- Willingness to assist in all aspects of the underwriting process, including data input, file construction and maintenance, quote and binder production, and policy issuance
- An enthusiasm for applying technology to manage projects and increase efficiencies

### What you can expect from us

Join us, and we will ask you to Be smart, Be sensible, Be open and, above all else, Be more—strive harder, reach further, never give up. These First Principles are the intellectual and moral compass of everyone at Hamilton. They shape the way we build our team, the way we work and the way we will prosper.

We're committed to creating an inclusive workspace where all employees thrive. We embrace all backgrounds, perspectives, experiences and talents—without discrimination. Whatever differences set you apart, whether visible or non-visible, you will be welcome at Hamilton.
