

## **Caretaker/Landscape & Property Maintenance Technician**

Mr. and Mrs. Preston Hutchings are seeking a Caretaker/Landscape & Property Maintenance Technician to provide comprehensive landscaping and property maintenance support to a large residential estate. The applicant must have five to six years' experience in a similar sole charge role; the Caretaker must be comfortably skilled and reasonably certified in landscaping and/ or property maintenance. With expert knowledge of all Bermuda plant types, and will manage the planting and pruning schedules of the property, manage pesticide application and disease control and generally provide meticulous care to the plants and gardens at a very high standard. The successful applicant will be able to effectively troubleshoot, maintain and care for landscaping equipment and remedy routine maintenance issues and assume full residency as and when required. Given the security and access issues associated with this role, shortlisted applicants will be subject to drug and police vetting. Applicants having pool and air-conditioning systems maintenance experience will be favoured.

Apply in writing with full resume and letters of reference to:
