

Seeking to fill the following positions

Drywall Systems Installers

The successful candidate will be skilled in metal framing installations including light and heavy/structural gauge, boarding, finishing, acoustical ceilings, interpretation of drawings, setting out and coordination. We are very interested in candidates with skills and experience finishing drywall to a Level 5 finish including the use of airless sprayers. The candidate will be an experienced journeymen with at least five years experience in a similar position with stellar references. Must have own transportation or ability to secure. Applicants should indicate whether their area of expertise is in framing, boarding or finishing.

Applicants should respond in writing with a resume detailing a complete work history, accompanied by a cover letter describing why you are a good fit for the role and the company.

Current projects require all employees to submit to drug screening prior to appointment.

Enquiries should be directed to:
