- Participate in core actuarial projects in both general and long-term insurance
- Assist in non-traditional service offerings including banking and insurance-linked securities
- Manage competing priorities to ensure complete client satisfaction and project delivery
- Successfully communicate actuarial concepts to non-actuaries
- Participate in marketing events and business development efforts as required

Required Qualifications and Skills:

- Bachelor degree or above with strong academic credentials
- Progress in exam writing with an internationally recognized actuarial society
- 2-3 years relevant actuarial experience in either general or long-term insurance, with a willingness to learn about other sectors and industries
- Prior experience with actuarial software preferred
- Familiarity with actuarial reporting under US GAAP and/or IFRS
- Sound analytical and problem-solving skills with strong attention to detail
- Strong time management skills with an ability to meet deadlines
- Strong client communication skills, both written and oral
