

Underwriter

North American Property Treaty

On behalf of our Client, Qatar Reinsurance Company Limited, we are excited to invite applications for the Bermuda based position of Underwriter. This position is responsible for communicating with existing brokers and clients plus identifying new prospective clients and business segments. The Underwriter will analyze, price and underwrite catastrophe risks, as well as deploy capacity appropriately according to risk quality and Group guidelines - whilst working within the framework of underwriting authority.

Key duties include the following:

- Manage and underwrite an assigned book of business and develop new business to achieve company goals for growth and profit.
- Adhere to pricing and selection standards that supports strategic objectives and achieve desired financial goals.
- Maintain awareness of competitor capabilities and strategies, as well as the overall insurance marketplace.
- Accountable for the quality and completeness of records of the assigned portfolio as required by the company, supervisory and regulatory agencies.
- Work with all functional areas including claims, accounting and product management to support company objectives.

The successful candidate will have:

- University degree, with a minimum of 10 years reinsurance market experience.
- Ideally 5+ years experience with full underwriting decision making authority focusing on North America business.
- Proven track record as a successful 'dealmaker' with broad North America broker and client relationships.
- In-depth and up-to-date knowledge of the primary insurance product and market.
- Broad range of catastrophe product knowledge.
- An analytical and mathematical focus with strong MS Excel skills.
