

Actuary - Reinsurance Pricing

Athene, a leading and rapidly growing long term insurer offering reinsurance on fixed-rate annuity contracts, seeks a dynamic and proactive individual to join their actuarial team focusing on financial reporting.

Responsibilities:

- Developing detailed pricing models for annuity products presented for potential reinsurance transactions;
- Producing analysis including sensitivity testing to ensure pricing meets internal profit targets and risk management criteria;
- Analyzing and critiquing client company pricing assumptions and methodologies;
- Interacting with investment, risk, legal and tax managers when considering and developing reinsurance structures and transactions;
- Assisting in the review of reinsurance term sheets and treaties;
- Maintaining the documentation of actuarial assumptions, pricing standards and models;
- Developing and producing experience studies to support pricing assumptions; and
- Integrating pricing models and assumption into the inforce reporting process.

Credentials and Experience:

- Bachelor's degree in mathematics, actuarial science or related field;
- Associate of the Society of Actuaries (ASA) or higher;
- 5+ years' experience working in life insurance industry;
- Experience in product development, pricing and/or risk management of fixed rate and indexed annuities;
- Actuarial projection and valuation software experience is essential with MG-Alfa knowledge being preferred;
- Ability to interact with internal senior management, directors and client company management; and
- Excellent oral and written English language skills.

To apply for the above position please email your resumes, including cover letter to HRBDA@athene.bm (reference: SAA Pricing). All applications will be handled in complete confidence.

Closing date for applications is August 8, 2019.
