Graphic Designer

We are seeking a highly creative designer with a positive outlook who's able to meet the demands of a busy agency environment. In this role, you will be involved in, and responsible for, the conceptual development and design of corporate identities, marketing campaigns, annual reports, website frameworks, user experiences, social media graphics, static and animated advertisements and many more creative projects which may be required for our existing and prospective clients.

REQUIREMENTS
· A minimum of a BFA or equal qualification from an accredited design school/university
· A strong portfolio of creative/design work
· International experience
· 3 to 5 years within the field of design
· An understanding of pre-press and troubleshooting
· An eye for detail and brand consistency
· Understanding of web, UI and UX design
· Understanding and interest in media design trends
· Strong branding and typographic skills
· Strong problem-solving and team working capabilities
· Proficient with Macintosh and the Adobe Creative Suite including: Photoshop, InDesign, Illustrator, XD and After Effects
· Able to maintain focus within a busy environment

**APPLICATIONS WILL BE CONSIDERED
IF THE FOLLOWING INFORMATION IS PROVIDED**
· Portfolio of your most recent work showing a diverse range of creative skills
· 3 client portfolio pieces which must include a written explanation of how the project was conceptualised and executed
· Cover letter
· Resume
· 3 Professional References

closing **date** > December 19, 2019
