

# PROGRESS. PASSION. POSSIBILITIES.

At KPMG our goal is to be the Clear Choice for our Clients, our People and our Community.

KPMG professionals are individuals who take deep, personal accountability for their work; have a passion for excellence; are driven to achieve their full potential and understand the value of building relationships with clients, their communities and each other. A KPMG professional has a strong work ethic, thrives on challenges, and is dedicated to providing outstanding client service.

## Senior and Assistant Manager

KPMG Advisory is looking for a Senior and Assistant Manager with significant experience and proven track record in accounting advisory services ("AAS"), including, but not limited to, experience in managing a diverse portfolio of engagements and working with multi-disciplinary teams to deliver services to clients in financial services industry. The role will include the following responsibilities:

- Management of accounting advisory related engagements, leading small teams. In some instances, leading AAS input into larger, multi-disciplinary teams;
- Provide clients with support in understanding and implementing new or complex accounting standards;
- Providing accounting advisory and technical support to transaction teams including answering questions on technical issues and providing input for reports;
- Development and delivery of accounting and technical training to clients and internal teams;
- Building and maintaining strong relationships with both clients and individuals; and
- Contributing to the practice and risk management, including thought leadership and business development activities.

## Candidates must have the following qualifications, skills and attributes:

- A Bachelor's degree or above;
- An accounting certification (eg CA, CPA, ACA or equivalent) is preferred;
- A minimum of two (Senior) and three (Assistant Manager) years of work experience at a public accounting firm in an audit or accounting advisory role;
- Experience in the Financial Services industry and an understanding of accounting and commercial issues facing this industry;
- An in-depth knowledge of IFRS and/or US GAAP;
- Strong project management skills;
- Strong presentation skills as the role requires regular internal and external presentations to be delivered as well as a proven ability to competently discuss technical matters with clients;
- Excellent client relationship skills;
- First class written and oral communication skills with the ability to produce and review complex financial reports and proposals;
- Exceptional people skills with the ability to work well with staff of all levels, including the ability to coach and develop team members;
- A strong team player with a proven ability to work effectively with senior management, ideally on complex cross border engagements with multi-jurisdictional teams;
- Self-motivated with the ability to multi-task on a daily basis and maintain high levels of drive and resilience;
- A high degree of competence in Microsoft Word, Excel, PowerPoint and Outlook; and
- A willingness and capacity to work overtime at short notice as this is a highly demanding environment with very tight reporting deadlines at times.
