

Senior Business Consultant

Acumen Management Ltd. is seeking a Senior Business Consultant:

Responsibilities include, but not limited to:

- Consult on website development and operational management
- Create and share digital content for marketing and web purposes
- Produce and execute financial, marketing and operational plans
- Complete financial modelling and valuation projects
- Perform ad hoc and bespoke projects
- Work autonomously with minimal supervision

The successful candidate should possess at least 5 years' combined work experience in the following areas:

- E-commerce business experience and excellent technical knowledge about developing and operating e-commerce website platforms, marketing, digital design and financial modelling for small businesses
- Robust financial modelling and valuation experience from a financial institution OR insurance industry OR accounting industry

Our Senior Business Consultant should possess:

- A bachelor's degree in business administration or a similar discipline
- A strong proficiency in the use of e-commerce platforms, Adobe design applications, Microsoft Office, social media platforms and various other programs related to e-commerce and operations management
- Must be confident, personable and flexible to work varied hours depending on client demand. Work may range from part-time to long hours as and when required including Bermuda public holidays, weekends and evenings
