Advisory - Senior, Manager and Senior Manager

EY, a global market leading professional services organization, with dynamic people in more than 150 countries, is committed to operating with integrity, quality and professionalism in the provision of audit, tax, advisory and transaction advisory services.

We are currently seeking qualified candidates to be considered for the positions of advisory senior, manager and senior manager in our Bermuda office. Focusing on clients in the financial services industry, the successful candidate can expect to work as part of multi-disciplinary EY engagement teams to assist our clients with advisory services, such as: internal audit/process & controls, technology risk assurance, performance improvement and risk management/financial crimes compliance.

Advisory Senior - responsibilities and required experience:

- ▶ Support client engagement teams, working with a wide variety of clients to participate in and deliver professional advisory services as outlined above, and participate in business development activities
- ▶ Work with the team and the client to create plans for accomplishing engagement objectives and a strategy that complies with professional standards
- ▶ Maintain relationships with client management to manage expectations of service, including work products, timing and deliverables
- ▶ A bachelor's or graduate degree in accounting, finance, business, computer science, information systems, engineering, or other related field
- ▶ Possess or be actively pursuing an internationally recognized professional accounting certification, such as a CA, CPA, ACA or equivalent, or a service line relevant certification, such as a CAMS, CIA, CISA, CISSP, PMP or equivalent; non-certified hires are required to become certified before being eligible for promotion to manager
- ▶ A minimum of eighteen (18) months of recent relevant experience in a similar position; prior experience working for a public accounting or professional services firm as well as experience in the financial services industry is strongly preferred

Advisory Manager - responsibilities and required experience:

- ▶ Coordinate multiple client engagement teams, working with a wide variety of clients to participate in and deliver professional advisory services as outlined above, and participate in business development activities
- ▶ Work with the team and the client to create plans for accomplishing engagement objectives and a strategy that complies with professional standards
- ▶ Maintain relationships with client management to manage expectations of service, including work products, timing and deliverables
- ▶ Demonstrate excellent project management skills, inspire teamwork and responsibility with engagement team members, and use current technology/tools to enhance the effectiveness of deliverables and services
- ▶ A bachelor's or graduate degree in accounting, finance, business, computer science, information systems, engineering, or other related field
- ▶ An internationally recognized professional accounting certification, such as a CA, CPA, ACA or equivalent, or a service line relevant certification, such as a CAMS, CIA, CISA, CISSP, PMP or equivalent
- ▶ A minimum of five (5) years of recent relevant experience in a similar position with demonstrated career progression and leadership skills; prior experience working for a public accounting or professional services firm as well as experience in the financial services industry is required

Advisory Senior Manager - responsibilities and required experience:

- ▶ Lead multiple client engagement teams, working with a wide variety of clients to participate in and deliver professional advisory services as outlined above, and lead, alongside the partner, business development activities
- ▶ Work with the team and the client to create plans for accomplishing engagement objectives and a strategy that complies with professional standards
- ▶ Develop and maintain strong working relationships with key business decision makers throughout the year to communicate value and inform them of the firm's scope of services
- ▶ Demonstrate excellent project management skills, inspire teamwork and responsibility with engagement team members, and use current technology/tools to enhance the effectiveness of deliverables and services
- ▶ A bachelor's or graduate degree in accounting, finance, business, computer science, information systems, engineering, or other related field
- ▶ An internationally recognized professional accounting certification, such as a CA, CPA, ACA or equivalent, or a service line relevant certification, such as a CAMS, CIA, CISA, CISSP, PMP or equivalent
- ▶ A minimum of seven (7) years of recent relevant experience in a similar position with demonstrated career progression and leadership skills; prior experience working for a public accounting or professional services firm as well as experience in the financial services industry is required

The successful candidates must have strong analytical, interpersonal and communication skills, an ability to work a flexible schedule as overtime and travel will be required, as well as a dedication to teamwork and integrity within a professional environment.
