

Seeking to fill the following positions

Interior Systems Installers/Crew Leaders

The successful candidates will be tradespersons skilled in all aspects of interior fit out installations including drywall framing/boarding/finishing, acoustical ceilings, millwork and trim, doors and hardware, interpretation of drawings, setting out and coordination. The candidate will have experience in high specification projects such as hospitals or airports, including incorporating seismic installations and infection control protocols. The candidates will have at least five years' experience in a similar position with stellar references. The candidates will be certified in OSHA/NCCER health and safety training including fall arrest, WHIMIS and man-lift operation. Applicants will be willing and able to work at significant heights.

Greymane is a general contracting operation and all operatives must have a 'can do' attitude and willingness to get projects completed expeditiously. This will include occasional work outside of expertise including unloading, clean up and demolition.

Applicants must have own transportation or ability to secure. Applicants should respond in writing with a resume detailing a complete work history, accompanied by a cover letter describing why you are a good fit for the role and the company.

Current projects require all employees to submit to drug screening prior to appointment.
