Actuarial Manager/Senior Manager- Life Actuary

As an Actuarial Manager you'll assist your clients with a variety of services, including audit support, reserving and financial reporting, providing actuarial opinions, M&A due diligence, alongside other consulting projects. You are a key contributor to the practice strategy and vision. You are enthusiastic to initiate and lead marketing efforts, and actively contribute to a wide range of client projects of a technical actuarial nature.

The standard requirements of this role include:

- Qualified or nearly qualified Fellow of the Society of Actuaries, Institute of Actuaries, or equivalent.
- 5 -7 years relevant actuarial experience, preferably in consulting of life insurance.
- Experience with Life reserving techniques.
- Driven and capable of identifying and originating business opportunities for actuarial consultancy.
- Experience working as actuarial specialist on audit engagements.
- Experience with IFRS17 and/or US GAAP LDTI implementation projects.

Preferred:

- Experience with a Big 4 consultancy firm.
- Familiar with Bermuda solvency framework and regulations.
- Experience with reinsurance and M&A.

All candidates must have demonstrated skills in client service and project management relevant to the role. This position requires inclusive team contributors, who have the proven ability to interact with a wide diversity of people across our organization. Candidates must have the ability to work a flexible schedule as needed.
