

The Bermuda Airport Authority (the “Authority”) is responsible for delivering a range of essential air navigation services at the L.F. Wade International Airport including air traffic control, ground electronics, Bermuda weather and aeronautical information services. On behalf of the Government of Bermuda, the Authority also oversees the performance of Skyport and its 30-year concession to operate, maintain and redevelop the airport.

The Authority invites motivated and qualified applicants to join our team of dedicated professionals as a **Meteorological Technician** within the Bermuda Weather Service Section:

As a Meteorological Technician, you will be responsible for maintaining a constant weather watch in accordance with the ICAO/WMO and other policies and procedures of the Authority.

The Bermuda Weather Service is a 24/7 operation and applicants must be prepared to work 12 hour rotating shifts including weekends and public holidays.

Education, Experience and Skills:

- A Bermuda High School Certificate or an equivalent qualification.
- One year of relevant experience in a computerized environment.
- Relevant professional experience carrying out data recording/entry in a scientific/ computerized environment and working shifts would be an asset.
- Excellent communication skills (written, verbal and listening). Must be able to present, speak to the public and deal with clients at all levels internal and external to the organization.
- A strong sense of loyalty, motivation, dedication and a high degree of commitment and interest/passion for weather.
- Demonstrated ability to make rapid and effective decisions in reaction to changing weather patterns as well as the ability to react calmly and prioritize effectively during periods of high activity and workload.
- Good analytical and problem-solving skills.
- Strong desire to continuously improve skills and knowledge.
- Proficient with the Microsoft Office suite of products (Outlook, Excel, Word and PowerPoint) and be proficient with the use of technology and computer equipment in general.
- Reliable and trustworthy with respect for authority and the rules.
- Self-motivated and an independent thinker with a strong commitment to delivering high quality customer service.
- Strong interpersonal skills and an excellent team player with the ability to work independently.

Shortlisted applicants may be required to go through a detailed security vetting process.
