

PROGRESS. PASSION. POSSIBILITIES.

At KPMG our goal is to be the Clear Choice for our Clients, our People and our Community.

KPMG professionals are individuals who take deep, personal accountability for their work; have a passion for excellence; are driven to achieve their full potential and understand the value of building relationships with clients, their communities and each other. A KPMG professional has a strong work ethic, thrives on challenges, and is dedicated to providing outstanding client service.

Senior Manager

We are looking for a Senior Manager with exceptional leadership skills, a proven track record and significant experience to join our growing Management Consulting practice; including, but not limited to, experience in managing a diverse portfolio of engagements and working with multi-disciplinary teams to deliver the following services to health and public sector clients:

- Clinical service operational improvements resulting in better quality of care and patient outcomes;
- Health system design and implementation;
- Integrated healthcare models and universal health coverage; and
- Healthcare strategy and policy development.

Candidates must have the following qualifications, skills and attributes:

- A minimum of five years experience in an Advisory business providing management consulting services to a broad range of international and local healthcare and government clients;
- An undergraduate, or preferably a graduate, degree in a related field is required;
- Experience in leading and working on large scale operational excellence and system-wide engagements within clinical environments;
- Experience in developing and implementing integrated healthcare models;
- Related professional qualification(s) in the healthcare sector and/or experience in working in healthcare management;
- Strong project management skills with experience in leading large-scale, multi-disciplinary engagements in the healthcare sector;
- Strong presentation skills as the role requires leading presentations to clients, including Steering Committees, Boards and Town Halls, as well as speaking at public events to advertise the services we offer;
- Exceptional skills in building relationships with senior clients and management and business development to generate and win new opportunities;
- The ability to assimilate and analyze large amounts of data into concise deliverables to provide support to the recommended change; ability to also communicate this information at executive management level;
- Exceptional leadership skills with the proven ability to lead multidisciplinary and multi-jurisdictional teams on complex engagements;
- Candidates must demonstrate they are capable of working in demanding situations that require the ability to multi-task on a daily basis;
- A high degree of competence in Microsoft Word, Excel, PowerPoint and Outlook is required;
- A willingness and capacity to work overtime and travel on short notice is essential as this is a highly demanding environment with tight reporting deadlines;
- The ability to work independently with minimum supervision and a proven ability to work with and manage a diverse team is essential; and
- Must be a mature, self-motivated individual who is well organised, hardworking, enthusiastic and professional
