

Experienced Landscape Foreman

The Experienced Landscape Foreman is responsible for performing a variety of work tasks (generally physical labor) in order to assist with the completion of various landscape projects. The Experienced Landscape Foreman will be tasked with managing the day to day operations of their crew, ensuring all work is completed in an efficient manner and that final product matches company standards. Additionally, he/she will act as the bridge between client and company, informing management of any new development on job sites and any issues/concerns with equipment, crew members, vehicles etc.

- Must have a high school diploma or GED.
- Strong communication, interpersonal and organizational skills.
- Must have a minimum of 5 years landscaping experience.
- Must have a minimum of 3 years leading a landscaping crew.
- Must have extensive knowledge of the use of fertilizers, herbicides and pesticide applications.
- Must be able to read and follow landscaping designs and construction plans.
- Hardscape experience extremely beneficial.
- Have a minimum of 5 years experience operating verticutter, aerifier, sod cutter, tractor, zero-turn mower, reel mower and various other commercial landscaping equipment.
- Must have an Intermediate Truck license.
- Must have own transportation.
