# Catastrophe Modeler

On behalf of our client Ark, a Class 4 re/insurance company, we are seeking candidates for the following exciting opportunity.

**Duties & Responsibilities:**

- Work with AIR, RMS models and present modeling and pricing results in underwriting team meetings
- Assist in development of tools that translate client detailed exposure databases in multiple formats to a format directly usable by the Company's modeling software
- Participate in the development and maintenance of the software/methodology to help the Company in pricing catastrophe contracts, on a stand-alone basis, as well as a marginal addition to its portfolio
- Management of vendor catastrophe modeling software products
- Assist in the development and maintenance of the Company's internal catastrophe models
- Work directly with reinsurance intermediaries and clients with respect to catastrophe modeling issues

**Minimum Skills, Experiences and Qualifications Required:**

- A Bachelor's degree in mathematics, economics or similar subject
- Minimum of 2 years' experience in a catastrophe modeling role
- Strong preference for candidates that have worked with the AIR and RMS models
- Experience working with SQL Server, including query scripting, development of stored procedures and functions, database architecture and design is an asset
- Exceptional skills in Microsoft Excel
- Strong interpersonal and communication skills
- Ability to organize and prioritize a demanding workload

To apply please send your résumé to bdajobs@expertisegroup.com or view our active roles online at www.expertisegroup.com.

All enquiries will be dealt with in strict confidence.

**Closing date: March 1, 2021**
