

The Mid Ocean Club

**The Mid Ocean Club (MOC) invites applications for a
MAINTENANCE OFFICER – AIR CONDITIONING TECHNICIAN**

This position maintains MOC's refrigeration and air conditioning systems, performs regular maintenance, assists with making repairs to the Club's reverse osmosis plant and performs general equipment repairs and upgrades.

Additional responsibilities include (but not limited to):

- Maintains and repairs MOC's air conditioning units, refrigerators, ice makers and keeps an inventory of standard parts and catalogues on-line related service manuals
- Creates preventative maintenance programs for refrigeration and air conditioning systems
- Performs basic plumbing repairs
- Performs general maintenance duties as required

Minimum Qualifications, Skills and Experience:

- High School Diploma or equivalent
- Trade certificate issued by an accredited institute
- Specialist certification in HVAC systems preferred
- Minimum five years HVAC experience
- General maintenance experience

Due to the nature of the hospitality industry, this position may require periodic after hours, holidays and/or evening work.

E-mail a current résumé and two employment references to recruitment@moc.bm or deliver them to the Mid Ocean Club, 1 Mid Ocean Drive, Tucker's Town, St Georges. **Attention: Human Resources.** Closing Date: 4 March 2021.
