

Apply today Audit Director

Deloitte Bermuda is seeking an Audit Director to work with the firm's Partners to strategically manage and grow the Audit & Assurance (A&A) practice. The incumbent will be expected to drive all areas of quality, build strategic relationships, drive business development activities and focus on practice management.

What will your typical day look like?

Your role as an Audit Director will be to work strategically managing and growing the Audit and Assurance (A&A) practice. You will be expected to drive all areas of quality, build strategic relationships, drive business development activities and focus on practice management.

The standard requirements of this role include

- Responsible for directly managing a portfolio of key A&A client relationships including overseeing the execution of audit engagements and providing on-going audit and accounting guidance
- Drive Audit quality by taking ownership for Deloitte's risk mechanisms and leading by example
- Provide guidance to staff, clients and industry practitioners on the appropriate accounting treatment and related financial statement disclosures of complex financial instruments
- Leads sales efforts including opportunity identification, qualification and proposal development / presentation
- Actively seek out network building events and opportunities
- Maintain technical proficiency through constant involvement with internal and external audit and accounting technical resources
- Responsible for staffing including hiring, terminating, supervision, training, performance evaluations and coaching and counseling of a large pool of A&A professionals
- Ensure all mandatory learning and performance management requirements for the function are completed within deadlines
- Ensure all business processes, standards, policies and plans are comprehensive, practical and effective in achieving the goals of the A&A department and supporting the overall vision of the firm
- Supervision of Audit Associates, Audit Seniors, Managers and Senior Managers where applicable

Required Qualifications and Skills:

- Internationally recognized professional accounting qualification required; ACA, CA or CPA
- At least 8-10 years of assurance and advisory experience with particular concentration in the financial services industry, big 4 experience preferred
- At least 3 years practical experience at a Senior Manager level
- Full grasp of relevant accounting standards including US GAAP/GAAS and / or International Financial Reporting Standards, knowledge of both is preferred
- Superior client relationship building skills and experience with a proven track record in business development
- Superior technical skills and mastery level knowledge in relevant service area combined with excellent business acumen
- In depth experience leading PCAOB audits
- Relevant insurance industry experience

All candidates must have demonstrated skills in client service and project management relevant to the role. This position requires inclusive team contributors, who have the proven ability to interact with a wide diversity of people across our organization. Candidates must have the ability to work a flexible schedule as needed.
