Actuarial Services - Associate

PwC Bermuda's Actuarial Services team helps clients act decisively on their most important issues. We apply our risk and analytical skills to turn complex data into the predictive insights that inform practical business solutions.

We have an opportunity for an Associate to join our team. You'll work with clients from the property and casualty (re)insurance industry with the support of a diverse team of experienced Actuaries who will coach you through your qualification journey.

What we look for:

- A Bachelor's degree in Actuarial Science, with excellent grades
- Successful completion of some actuarial exams and active pursuit of completing actuarial examinations
- Strong analytical skills, as well as written and verbal communication skills to present and explain complex findings clearly and with impact
- Ability to work under pressure and manage several ongoing projects simultaneously while meeting tight deadlines
- Mastery in MS Excel and a willingness to learn and embrace emerging digital technology such as, actuarial reserving software and data analysis tools to perform and document your work.

Opportunities are at the heart of a career with PwC. Be part of a learning culture where teamwork and collaboration are encouraged, excellence is rewarded, and unparalleled coaching and career development programmes are provided.

At PwC it starts with you
