

RenaissanceRe Holdings Ltd., through its operating subsidiaries, is a leading global provider of reinsurance and insurance. Our team shares a passion for providing exceptional service, innovation, creativity and a strong belief in the entrepreneurial culture which is a cornerstone of our competitive advantage.

SVP, Underwriting - Credit

The SVP, Underwriting - Credit is responsible for the production, marketing and analysis of reinsurance, predominantly Credit lines. The successful candidate must possess a strong worldwide background with a focus on International business, established broker and client relationships, and an ability to lead by example to garner immediate credibility both inside and outside the organization. This role also acts as a trainer, leader and/or manager of risk analysts and/or Underwriters.

Responsibilities include:

- Manage and underwrite a portfolio of Credit risks
- Work with various data sources to derive information for analysis purposes
- Verify and assess the adequacy of exposure information for pricing analysis
- Conduct analysis and modelling, concluding with recommendations on assumed and retrocessional credit transactions
- Maintain key relationships with clients and brokers of Credit reinsurance, and develop new business opportunities
- Work with clients to determine specific requirements, subsequently structuring products to address those needs (and variants from those needs)
- Assist in projects related to the improvement of RenRe's proprietary model: to include Credit modelling; underwriting; and portfolio management
- Oversee credit analysts and underwriters through both transactional and project-focused management
- Engage in significant travel and interaction with clients and brokers including client entertainment and relationship building

Education, Skills & Experience:

- A university degree is essential with emphasis on economics, math probabilities, statistics techniques or simulation; advanced scientific degree advantageous
- A minimum of 8 years' experience in analysis, modeling, structuring and underwriting of financial and/or credit risk transfer products, with high-performing insurance, banking, broking or investment companies
- Experience in structuring and pricing reinsurance programs
- Detailed knowledge of worldwide insurance and reinsurance markets
- Knowledge of accounting implications of reinsurance structures

- Extensive industry contacts including established relationships with US brokers
- A strong reputation and proven track record of developing relationships with intermediaries and clients, while retaining complete underwriting objectivity
- Thorough understanding of computer systems and applications
- Experience with, and knowledge of, different catastrophe models
- Proficient knowledge of probability and statistics
- Proficient in Microsoft Office suite of tools as well as additional programs such as @Risk; SQL
- Proven strong team management capabilities
- Excellent analytical, communication and interpersonal skills

This is a fast-paced business environment, demanding a strong work ethic and a results-oriented approach.

Written applications with Curriculum Vitae should be forwarded via e-mail to careersbda@renre.com or to Human Resources, Renaissance House, 12 Crow Lane, Pembroke HM19.

Closing date for applications:
Friday, June 18, 2021
