

Join a world-class organisation

Chubb Tempest Reinsurance Ltd. invites applications for the position of **Assistant Vice President & Actuary**. Reporting to the Chief Actuary, the primary focus of the role will be on portfolio management, although the successful applicant will also be involved in pricing and reserving functions.

With operations in 54 countries, Chubb is one of the world's largest multi-line property and casualty insurers.

Responsibilities include, but are not limited to:

- Analysing portfolio aggregation and catastrophe exposures
- Evaluating portfolio changes and capital allocation processes
- Assisting in pricing third party and affiliate (multi-line) reinsurance business, as well as retrocessional pricing
- Developing quarterly reserves including review of reserves for known losses and estimating potential exposures to new catastrophe events
- Analysing loss development and trends
- Collecting and refining data and information for the actuarial analysis involved in reserving and pricing
- Presenting data, methodology and results of analysis to the various stakeholders and management
- Preparing reports for management, financials and reinsurance partners
- Enhancing processes with new automation

The successful candidate should have:

- An undergraduate degree from an accredited university in mathematics, statistics or actuarial science
- At least six years work experience in actuarial roles
- Fellowship of either the Casualty Actuarial Society or the Institute of Actuaries
- Experience with actuarial techniques for general insurance / reinsurance business
- Advanced knowledge of Microsoft Excel, Word and Access
- Working knowledge of catastrophe models (e.g. RMS, AIR, EQE) preferred
- Strong analytical, interpersonal and communication skills
- Ability to work on his or her own initiative and in a team environment
- Ability to meet tight deadlines and work extended hours and weekends when required
