

Produce Manager

The Produce Manager will effectively direct and supervise all activities of the produce department and its personnel to achieve sales, merchandising and customer service goals established for the department. The position requires knowledge of organic and conventional produce as well as experience in the ordering process to meet sales and margin goals. In addition the Produce Manager is responsible for increasing customer confidence and loyalty by promoting and executing consistent operating conditions, providing courteous, knowledgeable and prompt service as well as a friendly atmosphere in the department.

Requirements:

- Prior produce management experience required, minimum of at least 5 years.
- Must be computer literate and have good math skills.
- Good written and verbal communication skills.
- Must exhibit a superior level of customer service.
- Must be able to train staff on product knowledge and customer service.
- Must have a proven record in managing processes, in a timely manner.
- Must be able to work a flexible work schedule when required.
- Knowledge of seasonal changes affecting produce.
