**THE SEVENTH-DAY ADVENTIST CHURCHES OF BERMUDA  
ANNUAL COMMUNITY APPEAL  
NOVEMBER 1 – DECEMBER 31, 2021**

For more than 100 years, Hope for Humanity has been reaching out to those impoverished by disaster or misfortune. Sharing in the compassionate ministry of Jesus is at the very heart of the mission of the Seventh-day Adventists—a ministry of healing and hope. We believe that Christ calls us to be the mission of His compassionate ministry.

In the United States and Bermuda, we are privileged to work alongside the women and men of Adventist Community Services in responding to natural and manmade disasters. We take our mission from the story of how Jesus went throughout the towns and villages, teaching and preaching and “healing every disease and sickness” among the people. This is what Jesus asks of His disciples—to minister in the world just as He did.

It is hope that motivates Seventh-day Adventists to be at the frontline of meeting human needs. It is hope that compels us to feed the hungry, shelter the orphans, care for the sick, and comfort the distressed.

Your support of Hope for Humanity makes possible this life-changing, life-saving ministry. It helps make God’s care visible in our communities and world.

To make a direct contribution or for further information, please write or call,
