

Veterinarian Required

Ettrick Animal Hospital requires a qualified, full-time veterinarian with a minimum of 3-5 years' experience in small animal medicine and surgery including a minimum of 2 years unsupervised emergency work with the ability to perform basic orthopaedic procedures. Additional experience and/or certification in advanced small animal medicine would be an asset. Excellent diagnostic skills and medical case management are also required. Must be qualified and meet local licensing requirements.

Please send resume and references to:
