Actuarial Consultant/Senior Consultant

As an Actuarial Consultant/Senior Consultant, you'll help deliver actuarial projects to develop solutions for clients in the P&C or Life insurance industry. You are passionate about client service and deliver a variety of actuarial service offerings. As a key contributor within the practice, you may participate in marketing and business development efforts. You're involved with multiple deliverables and have a skill for communicating actuarial concepts to a diverse audience.

The standard requirements of this role include:

- A minimum of 12 months of relevant or actuarial related work experience for a Consultant position
- Demonstrated success towards actuarial exams with an internationally recognized actuarial society
- Ability to prioritize tasks, work on multiple assignments, work under tight time deadlines, demonstrate sound judgment, critical thinking and analytical skills.
- Ability to work both independently and as part of a team with professionals at all levels
- Demonstrated client service skills, project management skills, and performance oriented

Preferred:

- Consultancy experience or experience working in a client-facing setting
- Experience with P&C reserving and capital modelling
- Familiar with Solvency II, BMA and other regulatory regimes
- Familiar with IFRS and/or GAAP reporting
- Experience with IFRS17 implementation projects
- Experience with ILS and Catastrophe Bonds

All candidates must have demonstrated skills in client service and project management relevant to the role. This position requires inclusive team contributors, who have the proven ability to interact with a wide diversity of people across our organization. Candidates must have the ability to work a flexible schedule as needed.

All applications should be submitted online at:
