

## **Vacancies**

BCCL is a private school for students beginning at age 6, who have been identified with learning differences such as dyslexia, ADHD and other language-based disorders. Their flexible learning environment facilitates each student's individual learning styles, through a personalized learning approach. BCCL follows the U.K. National Curriculum along with the International Primary and Middle Years Curriculum. Students work at their own skill level in a small student to teacher ratio, with a focus on creating confident and independent learners.

**Applications are being accepted for the following positions for the 2022-23 school year.**

### **Speech-Language Pathologist - Full Time**

Responsibilities and duties include, but are not limited to:

- To autonomously plan and implement person-centered individual and/or group interventions which aim at improving functional abilities, access to the curriculum, and participation in curriculum learning activities.
- To select and use appropriate standardized and non-standardized assessment measures to analyze, interpret and report results.
- To provide clinical assessment and intervention to students with a range of conditions/disabilities and complex social and functional needs.
- Design and lead students in sessions that are engaging and interactive, and follow best practice in a progressive, flexible and personalized approach.
- Develop positive relationships with students to support their social and emotional learning.
- Approach working with students in a team-centered environment.
- Attend events outside of school hours such as: weekly staff meetings, open houses and professional development sessions.
- Work on a modified school-year calendar.
- Enjoy working with children in a busy educational setting.

### **Qualifications:**

- A master's degree in Speech-Language Pathology
- Have obtained certification to practice as a Speech-Language Pathologist (SLP) through ASHA, SAC, or the RCSLT or other national governing body as per the mutual recognition agreement (MRA), and be licensed/registered to practice as a Speech-Language Pathologist in their home jurisdiction (e.g., state or province).
- A minimum of three years' experience providing speech-language intervention.
- Licensed with the Bermuda Health Council or be eligible to obtain a license.
- SCARS and CPR/First Aid certified, or available to attend training certification.
