Commercial & Industrial Insulation Mechanics

Bermuda Insulation Ltd. is seeking to employ a certified Commercial and Industrial Insulation Mechanic, with a proven performance record. The successful candidate must be an experienced, self-motivated individual with excellent interpersonal skills.

Duties and Responsibilities:

- Perform journeyman level work associated with insulating equipment, such as boilers, tanks, hot or cold air ducts or pipes, and heat exchangers, including the formation of split pump housings and weatherproof mastic finishes, and the removal and repair of defective insulating materials
- Furnish time and material take-offs of type and quantity of insulating material to be used on the job in accordance with Industry standards; monitor and inspect work operations and results
- Monitor work operations to assure compliance with prescribed specifications, quality standards, and schedule commitments. Troubleshoot problems, and perform any re-work modification or alternate application of insulation material
- Initiate requisitions for materials. Provide technical guidance and direction to lower level personnel
- Perform other related duties incidental to the work described herein

Required Qualifications and Experience:

- Must have extensive knowledge of aluminum cladding layout, fabrication and insulation.
- A minimum of 5 years' experience in fabrication of insulation and aluminum cladding.

To apply please send your resume to jobs@expertisegroup.com. All applications are handled in a confidential manner and in accordance with Expertise's Privacy Policy, available on our website.

Closing Date: June 17, 2022
