

HAMILTON

We're writing the future of risk.

Hamilton Insurance Group, Ltd. ("Hamilton") is a Bermuda-headquartered company that underwrites specialty insurance and reinsurance risks on a global basis through its wholly-owned subsidiaries. Hamilton leverages analytics and research to create underwriting and investment value for its clients and shareholders.

We're looking for a Product Manager, Underwriting Solutions

Based in Bermuda or the US, reporting to the Senior Vice President, Head of Information Systems, this role will support thought leadership in digitization and digital trading capabilities of our reinsurance/insurance platform. The role will also be managing the support and implementation of solutions allowing the business to be as effective and efficient as possible. This includes both Hamilton's proprietary and third-party tools. You'll support Hamilton's mission of writing the future of risk by applying intelligent, innovative, and informative technology.

What you will help us do

- Facilitate thought leadership by managing multiple vendor relationships and industry initiatives and
- Drive transformative working solutions to enable digitization of the business
- Engage the wider technology team and business to bring innovative capabilities across the business
- Manage our major operational business products by working closely with the end-users in determining optimal solutions and best practices
- Lead product support ensuring high-quality delivery, user satisfaction, and compliance
- Act as an effective liaison between end-users and technical engineers to facilitate issue resolution and enhancements
- Help ensure ongoing product related practices are strategically aligned with overall business objectives.

What you require for the role

- Minimum 10 years' experience in a similar role within the Reinsurance or Insurance industry
- Experience with managing a highly integrated portfolio of products
- Knowledge of underwriting product administration and best practices
- Salesforce experience
- Microsoft Power Apps and Power Automate experience is preferred
- Adept in learning new products and solutions
- Effective and open communication style, with the ability to correlate business requirements to product functionality
- Ability to multitask and effectively prioritize
- Strong resource management and documentation skills
- Highly collaborative, with ability to work both independently and as part of a team

What you can expect from us

Join us, and we will ask you to Be smart, Be sensible, Be open and, above all else, Be more—strive harder, reach further, never give up. These First Principles are the intellectual and moral compass of everyone at Hamilton. They shape the way we build our team, the way we work and the way we will prosper.

We're committed to creating an inclusive workspace where all employees thrive. We embrace all backgrounds, perspectives, experiences and talents – without discrimination. Whatever differences set you apart, whether visible or invisible, you will be welcome at Hamilton.
