

DUNKLEY'S

Dunkley's - Packaging Machine/Plant Maintenance Technician

Dunkley's is seeking a reliable, self-motivated team player who can work in a diverse work environment. Proven experience with packaging machines and processing equipment is essential. Main duties will include repairs to packaging and processing equipment, boilers and associated auxiliary equipment. Maintenance work on other company owned properties will also be included in the scope of the job.

The normal work week is Monday to Friday 8am - 5pm. However, this position requires the post holder to be on call to attend equipment breakdowns during the early morning production hours or help as required. Occasionally, there will be a requirement to work overtime in the evenings and on weekends to complete essential repairs.

The company offers a comprehensive benefits package. Remuneration will be commensurate with experience and qualifications. Two written references that can speak to experience with packaging machines and maintenance work are required. Dunkley's is an equal opportunity employer.

Interested persons should fill out an application at our main office at 4 Vesey Street, Devonshire. Tel: 292-1310.

Closing Date: July 15, 2022
