Financial Advisory Manager – Forensics

As a Financial Advisory Manager, you will lead a portfolio of varied forensic accounting projects which may include investigations, asset tracing and recovery, litigation support, and dispute resolution engagements. You work with the senior management team and lead client meetings and presentations. You leverage your expertise and develop team members. You establish priorities for the team and promote a culture of quality and client service excellence. You stay up to date on industry activities and trends and contribute to business development.

The standard requirements of this role include:

- A relevant professional designation; ACCA, CA, ACA, CPA or CFE.
- At least 5 years relevant experience in forensic accounting, audit, advisory, or related field, with a minimum of 3 years' experience in forensic accounting.
- Experience providing litigation support services for complex and multi-jurisdictional litigation and asset recovery projects.
- Experience with Relativity would be an asset.

All candidates must have demonstrated skills in client service and project management relevant to the role. This position requires inclusive team contributors, who have the proven ability to interact with a wide diversity of people across our organization. Candidates must have the ability to work a flexible schedule as needed.

All applications should be submitted online at:
