

THE POST: Adjunct Physics Lecturer

DIVISION: Arts & Science

CLOSING DATE: Thursday, 28th July 2022

BC'S CORE VALUE - COMMITMENT TO EMPLOYEES

Bermuda College supports a work environment that is conducive to a healthy balance among work, family life and self, recognizing that is what leads to a dedicated, creative and innovative employee. We will value each employee's job as a meaningful part of the whole; we will provide professional development opportunities and clearly defined career tracks.

THE POST: ADJUNCT PHYSICS LECTURER

The successful candidate should be a creative professional who is able to provide practical hands-on instruction to create an engaging learning environment, evaluate student academic performance using a variety of assessments and techniques and use instructional technology along with active learning approaches.

RESPONSIBILITIES AND ACCOUNTABILITIES

Duties will include teaching college level Physics courses. This may include preparatory physics, principles of physics I & II, and special topics in physics

ESSENTIAL QUALIFICATIONS AND EXPERIENCE

Candidates for teaching positions in the Arts & Science Division must possess a Master's Degree in the subject matter from an accredited institution in the academic discipline noted. In addition, a minimum of two (2) years teaching experience at the college/university level is preferred.

APPLICATION DOCUMENTS

Please send, along with your resume: At least two (2) each, recent, written, work and character references which include contact information. Persons providing a work reference must be able to assess your qualifications and experience from their own experience, when working with you. If applying for a teaching post, please provide copies of transcripts and/or copies of relevant certificates from the relevant institution.
