## Associate Actuary, Valuation

Global Atlantic is one of the fastest growing companies in the Life and Annuity industry. We are primarily focused on the U.S. retirement and life insurance markets with a broad range of annuities and life insurance options, as well as reinsurance solutions. Our success is driven by competitive, innovative product designs, leading investment management and integrated risk management, along with highly experienced leadership. Global Atlantic is looking for a diverse team of talented individuals who reinforce their culture of collaboration and innovation. We are dedicated to the career development of our employees because we know this is critical to their long-term success.

Global Atlantic is looking for an Associate Actuary to join the Bermuda Actuarial team and support the valuation and reporting process. The Associate Actuary will act as a liaison between Actuarial valuation, IT, Risk, and Finance as part of the production valuation process.

### Key Duties and Responsibilities:

- Managing the modernization efforts for the production valuation process
- Assist with the development of internal controls over the production valuation process
- Producing process and control documentation for internal and audit reference
- Working with Bermuda valuation team to analyze and explain model results for base and sensitivity/stress runs
- Executing validation and UAT procedures on new model output
- Onboarding new reinsurance deals into the production valuation process
- Preparing documentation and support for audit and regulatory requests

### Minimum Qualifications, Skills & Experience:

- Minimum 5 years of experience in the (re)insurance industry
- ASA (or equivalent) actively working toward Fellowship designation, or FSA/ equivalent
- Life and Annuity experience strongly preferred
- SOX control and compliance experience preferred
- Strong technical and communication skills
- Strong Excel knowledge (Power Query a plus)
- Coding language experience a plus (Python preferred)
- Actuarial modeling software experience a plus (MG ALFA preferred)

The ideal candidate for this role is a motivated, results-oriented person with strong analytical and problems solving skills. Our ideal candidate will:

- Work well under pressure in a fast-paced environment
- Be persistent when developing a solution to a problem
- Balance the dichotomy between working with a high-caliber team and individual production
- Take ownership of their responsibilities
- Thrive in an environment that prioritizes open and honest communication and feedback

If this sounds like you, Global Atlantic would love to hear from you!
