

Fencing/Maintenance person

Must have at least 3 years experience of either installing galvanized, PVC covered and security chainlink fencing or welding as well as notching and bending of fence materials.

This is a senior position for a person **WITH** experience.

Knowledge of PVC fencing would also be an asset.

Applicants must also be willing to do other work that may include landscaping, small maintenance and machinery repair. Applicants must be able to work long hours, weekends and public holidays when required. Applicants must be honest, reliable and have own transportation or be willing to rent a cycle to get from job to job.

Please submit applications with CV or references to A1 Fencing
