Project Consultants

IEP Ltd. is a leading business partner providing a high level of recruitment and secondment services to Bermuda's business community. We welcome Project Consultants who are interested in broadening their career scope to join our secondment team.

We are seeking candidates who are experienced in the following:

- Data analysis, manipulation, and review
- Development of reports/tools
- Conducting valuations and financial/risk modeling
- Full-cycle project management
- Business intelligence, Database management, or data warehousing

Successful candidates will have:

- A Bachelor's Degree in Mathematics or related discipline.
- A minimum of three years' previous professional work experience gained within an analyst/data management role with experience working within the following industries: Banking, Investments, Re/Insurance, Law, and Information Technology would be advantageous.
- Relevant project management certificate preferred but not required.
- Strong technical skills in SQL, VBA, Python, R, MatLab, Java, or C#.net are preferred.
- Flexibility to work within varying client technical projects and the ability to commit to workloads of various lengths in a professional consulting environment.
- A positive work ethic, strong business acumen, and superior communications skills paired with the proven ability to perform effectively within a fast-paced and time-sensitive environment are essential.
- Excellent previous employment references required.
