

Bermuda Monetary Authority is committed to attracting and developing the best people who are dedicated to providing exceptional service.

Senior Analyst Policy Development Department

Bermuda Monetary Authority (Authority or BMA) is seeking the services of a skilled and capable individual to work as a Senior Analyst in our Policy Development Department. Reporting to the Principal, the Senior Analyst will be responsible for undertaking research and policy development projects, as approved by senior management, contributing to the Policy Development department achieving its deliverables within scheduled timeframes and, more broadly, supporting the strategic plan and overall objectives of the Authority.

This is a key role for the Authority and the post-holder will be responsible for but not limited to:

- Conducting research and analysis integral to the Authority's policy programme, which contributes to the achievement of the Authority's business plan commitments and corporate objectives, Policy Development department objectives, and other research initiatives driven by the Authority or any external parties
- Participating in policy-related forums, including international meetings and conferences, topical to projects undertaken
- Contributing to the processing and resolving of policy-related questions posed to the Authority by other regulatory agencies, international bodies or external sources
- Lending support to any internal queries and working closely with front-line and support areas of the Authority in providing interpretation and advice on policy and regulatory provisions and helping to facilitate the resolution of policy issues that may arise relative to legislative, regulatory and industry matters
- Assisting in the preparation of discussion, consultation and other policy papers, along with rules, statements of principles, guidance notes and other policy documents reflecting the Authority's regulatory policy initiatives
- Performing other related work and special projects as assigned by management in accordance with competencies normally associated with the post

The position requires a proven technical and business background. Therefore, the post-holder must have:

- A Bachelor's Degree in a relevant related discipline (e.g. finance, wealth management or economics) from a recognised institution. In addition, a professional designation(s) in a finance-related field would be an asset
- Minimum of five (5) years relevant post-graduate experience in the financial services industry and/or working experience with a financial regulatory body and/or a policy-making institution

Bermuda Monetary Authority is the integrated regulator of the financial services sector in Bermuda. We offer the opportunity for broad exposure to international regulatory issues, special projects and a variety of work experiences.

If you are looking for a challenging opportunity in a team environment, we invite you to submit your application online via our 'Careers at BMA' page at **www.bma.bm**. Applications for this position must be received no later than **20 January 2023**.

Bermuda Monetary Authority is an Equal Opportunity Employer.
