

Financial Accountant

Enstar Limited, a wholly-owned subsidiary of Enstar Group Limited, a Nasdaq-listed leading global (re)insurance group that acquires and manages companies and portfolios of (re)insurance business in run-off, is seeking a Financial Accountant. This position is responsible for various aspects of financial reporting and additionally supports Senior Financial Accountant with financial/accounting analysis.

Key Responsibilities:

The candidate will be responsible for assisting with:

- Responsible for financial reporting for Enstar Ltd and support of other Group companies including various Holding companies.
- Collating monthly salary & benefits data for intercompany expense recharges.
- Maintaining associated reconciliation schedules including intercompany reconciliations and evidence resolution of intercompany imbalances on monthly basis.
- Reviewing and maintaining Accrual register for Expense accruals including Balance sheet reconciliation and associated control checks.
- Reviewing of invoices paid to identify items subject to prepayment accounting.
- Managing day-to-day PO and AP system and review the accuracy of coding for all invoices transacted within Bermuda Service Company, assisting staff locally in preparing purchases orders.
- Assisting with budget setting and responsible for Budget v Actual reporting with associated variance analysis commentary for Bermuda Service Company.
- Responsible for accurate and timely posting of expense journal items within General Ledger.
- Issuing external invoices as directed by senior management and acting proactively to recover intercompany and external receivable balances.
- Working closely with the local Treasury team to understand short and medium-term cash requirements and minimize the level of operating cash.
- Assisting Internal and External audit programs.
- Assisting with local government, regulatory and trade association returns in accordance with instructions using data analysis techniques to automate where possible.
- Preparation of standalone financial statements where required and
- Participation in project activity to deploy more automation to the management fee, AvB, management report, and reconciliation processes.

Minimum Qualifications, Skills, and Experience:

- CA, CPA, or ACCA required
- Bachelor's Degree in Finance or related field advantageous.
- Prior experience with a computerized general ledger system required.
- Experience preparing and reviewing journal entries, reconciliations, maintaining receivables and accruals, and managing intercompany expense allocations preferred.
- Experience of working in a cross-border financial services company a plus.
- Minimum of 4 years of relevant experience, including responsibility for day-to-day bookkeeping and maintaining the general ledger.
- Experience working in a fast-paced, high-performance environment with a frequent need to adapt to change and implement new processes, procedures, controls.
- Ability to successfully coordinate and complete multiple tasks to meet established and changing deadlines;
- Ability to work under pressure, in a team, and independently at times.
- Strong communication skills in English, both verbal and written; and
- Flexibility in an evolving and growth environment, coupled with a positive, proactive attitude and a high standard of conduct
