

## Microsoft Dynamic GP Financial Specialist

Nephila Capital Ltd. is looking to hire a Microsoft Dynamics GP Financial specialist with senior accounting experience to assist them expanding their implementation of Microsoft Dynamics and FRX across its portfolio of companies. The successful candidate will assist the financial team in the implementation and migration of its sister companies onto Microsoft Dynamics GP and will then support the on-going maintenance of the Microsoft Dynamics installation.

### Duties & Responsibilities associated with this project:

- Plan, manage and execute the implementation of Microsoft Dynamics GP
- Assist in the development of business requirements and the ability to provide these software solutions to meet those requirements.
- Work closely with the operations team to identify, analyze, and translate requirements into specifications.
- Document specifications and modifications to facilitate the Microsoft Dynamics GP implementation.
- Capacity to identify Microsoft Dynamics GP suggestions that will complement the overall business objectives.
- Provide assistance, guidance and support of Microsoft Dynamics GP to other sister group of companies.
- Train operations team members to improve their capabilities in using Microsoft Dynamics GP

### Required Skills / Experience:

- Minimum 3 years hands on experience with Dynamics GP
- Required Microsoft Dynamics GP Financial certification 10.0 or 2010
- Senior accounting related experience
- Integration Manager
- Minimum 3 Years of accounting & financial systems experience
- Bachelors degree in a related discipline or a professional accounting designation
- Demonstrated experience with SQL 2008
- Demonstrated ability to plan, manage and execute the implementation of Microsoft Dynamics and knowledge of the full software implementation lifecycle
- Experience with system conversion/migration, FRx reporting and company consolidation
- Thorough knowledge of Installing, configuring, supporting, and documenting technology installations for Microsoft Dynamics and Frx.
- Strong analytical skills to develop and interpret system solutions
- Must be an excellent problem solver with the ability to work with little or no supervision
- Strong written and verbal communication skills
- Ability to work in a multi-functional team environment.
- Excellent interpersonal & time management skills.
