

## Meteorological Technician/AIS Officer

BAS-Serco Ltd., a Bermudian joint venture company offering facilities management and general outsourcing services, is seeking intelligent, motivated Bermudians or spouses of Bermudians who are certified Meteorological Technicians (Observers)/Aeronautical Information System (AIS) Officer, to join the Bermuda Weather Service for a short term work contract for a period of 3-6 months.

The successful **Meteorological Technician (Observer)/AIS Officer** candidate will hold a recognized secondary-level qualification with proficiencies in English, Mathematics and Science (e.g. G.C.S.E. or S.A.T.) and be a certified Meteorological Technician/AIS Officer.

### **In addition to the above, all applicants should:**

- have observing experience within the last year
- be willing to attend in-house training courses
- be willing to work shifts, weekends & public holidays
- be able to make rapid and effective judgments in reaction to changing weather patterns
- react calmly during periods of high operational workload and be able to prioritize effectively
- demonstrate excellent presentation skills including a high degree of oral and written expression
- have a strong sense of loyalty, team spirit, and high degree of commitment
- be able to deal comfortably with clients at all levels, including the general public, the media, police and emergency services

In return, the company offers an attractive benefits package and salary. If you are interested in this position, please send a résumé, under a covering letter highlighting how you match our criteria to The Director, Bermuda Weather Service, BAS-Serco Ltd., PO Box GE123, St. George's GEBX or by email: [jobs@weather.bm](mailto:jobs@weather.bm), subject: April 2011 Observer Job.

All applications will be treated in strictest confidence. Closing date: April 1<sup>st</sup>, 2011.
