COMPANY DETAILS:

Orbis is a Bermuda-based investment company managing long-only equity and absolute return funds. Orbis strives to attract talented individuals who have demonstrated an ability to thrive in an environment that demands excellence.

ROLE & RESPONSIBILITIES:

As a member of our Performance & Portfolio Analysis team the Systems Developer will be required to enhance, create and support Orbis' in-house built software systems for Attribution Analysis, Performance Measurement, and Reporting in a Windows environment. The successful candidate will be confident translating business requirements into robust and scalable software architectures, designing and implementing solutions following industry best practices in a controlled test-deploy framework, and documenting and communicating these to the team.

KEY STRENGTHS:

Accurate, with a keen attention to detail. Ability to quickly investigate, abstract and understand complex software systems. Positive attitude, combined with an honest and trustworthy manner. Extremely self-motivated with demonstrated good judgement and methodical approach to problem solving. Excellent communication and organisational skills.

TECHNICAL QUALIFICATIONS:

Qualified candidates will possess an excellent academic record and, at a minimum, a Bachelor's Degree from a reputable university with a 2:1 in a quantitative Computer Science or a related discipline. Candidates will have at least 6 to 8 years of industry experience applying the software development process and be proficient in object orientated programming using Visual Basic, .Net 3.5 Framework, ADO.net as well as designing and programming relational databases using SQL Server 2008. Candidates must have experience in design and support of quantitative software systems. Experience developing with Team Foundation Server, WPF, Crystal Reports and Microsoft Chart is a definite advantage.

SUBMISSION DETAILS:

Applications will be dealt with in strict confidence and interested candidates should apply in writing or via email with a detailed résumé to:
