

Aeolus Capital Management Ltd. is as an insurance manager licensed under the Bermuda Insurance Act 1978, and through its wholly owned subsidiary, Aeolus Re Ltd., is a global provider of fully collateralized property catastrophe protection to insurers and reinsurers. As used herein, the "Company" refers to both entities. We invite applications for the following position:

#### CHIEF FINANCIAL OFFICER

Reporting to the Chairman, the key responsibilities for this position are those typically associated with CFOs of similar companies, including, but not limited to:

- Manage the finance and accounting functions of the Company;
- Maintain strong internal controls over financial reporting;
- Participate in strategic planning initiatives and the implementation of business plans;
- Develop annual budgets for operations, capital expenditures and cash flows and financial reporting packages for management and ownership;
- Oversee capital management, including establishing the optimal structure, facilities, dividend/return policy, allocation and trust/collateral matters;
- Cultivate effective working relationships with existing and prospective lenders and investors and compliance with applicable agreements;
- Negotiate and structure contracts for credit agreements, acquisitions, platform build outs (sidecars, MGA, alternative balance sheets) and alternative capacity;
- Manage treasury functions and investment portfolio, including installation of related controls;
- Evaluate and construct/enhance risk management programs for foreign exchange, interest rates and credit positions; and
- Coordinate tax reports and planning.

#### Qualifications

- This position requires a highly motivated, intelligent, business-oriented, hands-on team player who functions effectively and collaboratively in an entrepreneurial atmosphere without a large staff;
- Minimum of 15 years of high level managerial experience in the insurance and/or investment banking industry with specific knowledge and experience in property catastrophe (re)insurance and insurance linked securities transactions is desired; and
- Excellent academic background including degree (preferably master's) from a top rated university.
