## **EMPLOYEE ASSISTANCE PROGRAMME OF BERMUDA COUNSELLOR**

The Employee Assistance Programme of Bermuda is a non-profit organisation providing consulting and counselling services to over 225 companies. We are seeking an experienced EAP Counsellor who is a qualified mental health professional, with proficiency in providing workshops and trainings.

Reporting to the Executive Director of EAPB, major responsibilities include:

- Client problem identification, assessment and referral to community resources to aid in the resolution of personal or work-related problems
- Short-term solution-focused counselling
- Case management and follow-up for clients
- Management consultations
- EAP related training to member organisations.

The successful applicant will:

- Possess the minimum of a Clinical Master's degree in Counselling / Psychology / Social Work
- Have gained a minimum of five years experience in a clinical setting
- Have experience and expertise in developing and providing workshops and training seminars
- Have excellent communication skills
- Be self-motivated
- Able to work in a very demanding environment.
- Skilled in crisis intervention and response/CISM trained.

Experience in the area of chemical addictions is an asset.

EAPB is an equal opportunity employer. If you have a keen commitment to quality results and enjoy working in a team environment that can be both demanding and stimulating, please contact us in writing, prior to 24 June 2011 by:
