Underwriter

The successful candidate will be responsible for underwriting and modeling a portion of the Specialty Reinsurance book of business with a focus on Credit and Financial Lines. This individual will oversee internal reporting and marketing to visiting clients, provide analysis, modeling and underwriting recommendations of assumed risks, and play a lead role in system developments, acting as a resource for new product methodology.

Responsibilities include:

- Underwrite and develop strategy for Specialty Credit and Financial Lines
- Maintain key relationships with brokers and clients of Specialty Credit and Financial Lines
- Administer internal reporting tools for tracking premium and results
- Analyze, model and recommend submissions on Specialty Credit and Financial Lines
- Investigate, evaluate and advise on current, new credit and financial lines models
- Work with REMS (and/or GEMS) system to extract, manipulate and report on modeling information concerning assumed portfolio for loss analysis, etc.
- Create and expand coding tools (UNIX, PERL, Visual Basic, Access) and keep abreast of industry trends

Education, Skills and Experience:

- A university degree with an emphasis in economics, mathematics, probability, or statistics is essential
- A professional insurance qualification or advanced financial degree would be advantageous
- A minimum of 8 years' experience in a credit underwriting or financial role
- Experience in structuring and pricing reinsurance programs
- An excellent understanding of insurance conditions, products and markets in credit and financial lines
- In-depth knowledge of financial models and probability/statistics
- Excellent computer skills, computer science techniques, computer programming and knowledge of database manipulation tools
- Proven contacts with producers and cedants of credit and financial lines reinsurance
- Outstanding interpersonal skills and the ability to communicate professionally with underwriters, clients and outside vendors

This is an excellent opportunity for a flexible individual who is a self-starter with the ability to be productive under pressure. This is a fast-paced and rapidly changing business environment that requires an individual with an energetic and enthusiastic approach, along with maturity, self-confidence and self-motivation.
