Grade 1 Mechanical Fitter (2 Vacancies)

Energy Supply

Bermuda Electric Light Company Limited is pleased to invite applications from suitably qualified and experienced individuals for the following position.

JOB DESCRIPTION: A Grade 1 Mechanical Fitter is mainly responsible for conducting prevention and breakdown maintenance on generation engines and associated equipment. Responsibilities involve servicing engines, plant systems and auxiliary equipment, periodic inspection, troubleshooting (fault location), installation, testing and repair work on any item of generation engines and equipment.

REQUIRED EDUCATION:

- High School Leaving Certificate or equivalent
- Technical Qualification in a relevant field with a minimum of four (4) years apprenticeship
- Technical College Certificate or City and Guilds Craft Certificate level (Parts 1 & 2) or equivalent work experience
- Working knowledge and understanding of hydraulic and pneumatic tools and equipment
- Working knowledge of standard mechanical practices

REQUIRED WORK EXPERIENCE:

- Ability to interpret and follow equipment "workshop" manuals
- Ability to read and interpret diagrams or specifications
- Strong analytical and problem-solving skills
- Ability to lift and move tools and equipment of limited weight, climb and work in confined spaces
- Good leadership

REQUIRED PERSONAL ATTRIBUTES:

- Safety conscious
- Dependable
- Flexible (in projects, tasks and schedule)
- Team Player

Application Deadline: August 10th 2011
