

Requires the services of a
SENIOR PROJECT MANAGER

Reporting directly to the President, a dynamic individual is required to manage multiple construction projects for a busy general contractor. The Senior Project Manager is frequently the primary client contact within the company, and we are seeking a polished professional to maintain and enhance our relationships and reputation.

The role requires:

- A minimum of 10 years experience in a similar senior management position, with a history of being the senior manager on 5 or more projects in excess of \$15M in value.
- Strong leadership and interpersonal skills.
- A track record of delivering projects on time, on budget and to a high level of quality.
- Strong skill in creation and maintenance of project schedules using MS Project or similar.
- Employer and Client references that demonstrate a willingness to take responsibility and see tasks through to completion.
- Experience managing the performance of staff at all levels
- Skill and expertise in the use of AIA contracts, CSI Masterformat Specifications and standard contract control mechanisms (RFI's, ASI's, Submittals, etc.)

A construction related degree is required, and a professional qualification (CIOB/RICS) would be considered highly advantageous.

Only Bermudians or Spouses of Bermudians need apply.
