Investment Manager

The Argus Group has created an exciting new Investment Manager role. Reporting to the CFO, the Investment Manager will be an integral part of the senior management team with a focus on actively driving the adoption, development and improvement of investment management processes and practices to support the Argus Group's investment portfolios. The successful individual will also play a key part in supporting the Board Investment Committee and will work closely with external Investment Managers, including AFL Investments, the Group Chief Actuary and the senior management team.

Core responsibilities include:

- Work with management and the Investment Committee to regularly review and revise the Investment Policy Statement
- Monitor the investment portfolio to ensure compliance with the Investment Policy Statement
- Monitor individual investments to ensure compliance with Investment Policy terms
- Work with the Board Investment Committee chair and senior management by preparing for monthly meetings and ensuring compliance with annualized reviews and re-submissions
- Regularly liaise with AFL management to ensure that joint venture resources are being fully utilized and leveraged
- Set up and monitor reporting procedures on any and all services that AFL provides to Argus
- Work with the Chief Actuary to ensure that the portfolio duration is consistent and that the credit quality of the portfolio meets the policy standards
- Work with the senior management team to regularly monitor client needs

Qualifications and experience required:

- 10 years investment and product generation experience
- Professional designation of CFA preferred, but not a necessity
- Financial Treasury and/or insurance industry knowledge of asset liability matching
- Experience with analyzing private equity and real estate opportunities
- In depth knowledge of and full understanding of investment management business and financial markets
- In depth knowledge of investment fund concepts and key measures (e.g. performance and risk stats)
- Understanding of and ability to manipulate fund data bases such as Lipper
- Knowledge of legal and regulatory frameworks
- Understanding of local market and regulations

Closing Date: Tuesday, October 11, 2011
