

BERMUDA LAND DEVELOPMENT COMPANY, LTD.

MECHANICAL SERVICES – PLUMBING TECHNICIAN

The Facilities & Plant Operations Department of the Bermuda Land Development Company Limited (BLDC) requires a mature, highly motivated, and responsible individual with good interpersonal skills to join its Facilities Team.

The successful candidate will be responsible for troubleshooting, routine, preventative and corrective maintenance of the Water and Sewage Distribution Systems and Reverse Osmosis Plants at Southside, including meter reading, daily water testing and recording, repairs and maintenance of piping and plumbing fixtures, data logging, fault diagnosis and reporting.

Under the direction of the Asst. Facilities Manager, the successful candidate must possess strong problem solving and critical thinking skills and the ability to complete work orders. A valid driver's license is a must. The role requires the post holder to work two hours on Saturdays and Sundays every other month. In the case of emergencies after hours, on weekends or public holidays the post holder may be called out.

City & Guilds plumbing certificate is required and applicants will be required to meet the Bermuda National Training Board, NCCER standards for the plumbing trade, and possess at least five years relevant work experience.

Kindly complete an application form, available at BLDC, and submit two recent professional/work references to the:
