

# Our client – MS Frontier Reinsurance Limited – invites applications for the position of **Executive Underwriter**

Our client...MS Frontier Reinsurance Limited is a reinsurance company domiciled in Bermuda, specialising in Property Catastrophe Reinsurance on a global basis, North American Risk Excess, Personal Accident and Terrorism.

MS Frontier is a member of MS & AD Insurance Group (MSAD), one of the largest general insurance groups in the world. Reporting to the Chief Underwriting Officer the company is seeking an outstanding individual for the role of Executive Underwriter.

## Key roles and responsibilities:

- Responsible for developing a Property Catastrophe, Risk Excess and Personal Accident business in the North American market
- Meet and negotiate with clients and reinsurance brokers to build relationships and to develop new and renewal business, including occasional business trips
- Analyse and evaluate submissions using underwriting experience and running catastrophe modeling tools, as well as control risk accumulation, co-ordinating with analysts and other underwriting staff
- Make underwriting decisions for submissions in line with underwriting guidelines and recommendations, and act as signatory of reinsurance contracts

- Analyse and report the latest Catastrophe Bond products for the company's investment decision making process
- In conjunction with Chief Underwriting Officer and other senior underwriting staff, define underwriting strategy and recommend business plans that will generate continued business growth in international markets
- Analyse and optimise the company's reinsurance portfolio
- Review, evaluate and report on loss activity
- Responsible for underwriting document filing, accuracy of data entry to systems and contract integrity for accounts underwritten
- Manage the underwriting team
- Train junior members of staff to enhance their underwriting skills

**The role of Executive Underwriter is a challenging position requiring proven underwriting, marketing and operational capabilities. The successful candidate will need to demonstrate the following required skills and experience:**

- University degree in a mathematical or related field
- Minimum of 15 years North American property catastrophe reinsurance underwriting and related experience
- Strong broker relationships in North American markets is essential

- Demonstrable experience in writing and executing underwriting business plans
- In depth knowledge of Property Catastrophe, Property Risk Excess and Personal Accident classes
- Knowledge and experience of underwriting London sourced direct and facultative business
- A broad understanding of other reinsurance lines will be required, and may be tested as part of the selection process
- Strong analytic skills, numerical aptitude combined with cat modeling knowledge
- Proficient in the use of Microsoft office products
- Excellent verbal and written communication skills, together with the ability to work well in a small team environment
