

Bermuda Waterworks Limited

Traffic Notice

Trenching to install a new water main in Middle Road will commence on October 31, 2011 and continue until December 16, 2011.

The project will start at the junction of Spring Benny Road with Middle Road and will proceed to Somerset Bridge along Middle Road.

Traffic Lights will be used to control traffic

We apologize for the inconvenience we will cause to residents affected by our trenching. We look forward to providing piped water supply to the West End as we progress.

If you have any questions please contact Bermuda Waterworks Limited at 236-1288
