

PATI Request – Fairmont Southampton Redevelopment Project

1. The number of work permits issued to date for the Fairmont Southampton redevelopment project

As of April 30th, 2026, 419 new work permits have been issued. This consists of:

- 327 Standard work permits
- 74 Short term work permits
- 18 Representative work permits

2. The number of work permits for that project which are still active/current

This information is not readily accessible. Given the varying types and duration of work permits issued, and the subcontractors enlisted for the project, some workers would have completed their job requirements and departed Bermuda. The process would be a manual one and we cannot dedicate resources to do this at this time. We checked with Fairmont and they did not track this information.

3. A breakdown of country of origin/citizenship of Fairmont Southampton redevelopment project work permit holders

In alphabetical order, below are the county of origins for work permit holders:

Azores	Ecuador	South Africa
Barbados	Honduras	Sri Lanka
Brazil	Jamaica	Trinidad
Canada	Mexican	United States of
Columbia	Peru	America
Cuba	Philippines	Venezuela
Dominican Republic	Portugal	

4. A breakdown of which companies have requested work permits for staff for the Fairmont Southampton project and how many have been issued per company

In alphabetical order, the below companies have worked on the project:

Arc	BCM	Efficiency
Archway Construction	Bermuda Drywall	Eminence
BAC	Bermuda Elevator	Frazee D&J Limited
BAC Universal Electric	CODE Ltd.	Gray & Co
Barclay	Dreamscape	H&H Plumbing
